- Scale and arpeggio patterns
- Ensemble awareness

## Drum Program

- Stick control
- Groove development
- Coordination exercises
- Rhythmic subdivision

## Music Theory

- Notation and rhythm
- Intervals and scales
- Chord construction
- Harmonic progressions

## **Educational Philosophy**

Jahaz Academy believes that music education should develop the complete musician. Students learn technique, harmony, rhythm, and musical expression while studying structured repertoire and exercises designed to strengthen musicianship.

Through disciplined practice and guided instruction, students gain the skills necessary to perform with confidence and musical understanding.
